## Teleworker

Meet Federal Mandates and Overcome Barriers to Teleworking

**“Work Is Not A Place”** - Time Warner Cable’s Teleworker solutions enable agencies to deliver IT communications for a laptop-enabled workforce. Our Teleworker solution ensures the same level of IT services for work-in-the-office or at home.

- Reliable high-speed Internet access specific for your teleworker needs
- Static IP option for virtual private networks and video conferencing services
- SmartDrive account for off-site storage (100 MB of storage)
- One Dial Access Account (unlimited usage) when traveling

## Dedicated Access

A Secure Infrastructure To Meet Stringent COOP Requirements

**Integrate legacy transport** protocols with scalable Metropolitan Ethernet Connectivity services. Leverage our private Internet Access or connect remote field offices together to satisfy COOP requirements, while realizing significant savings over leased-line alternatives such as ATM or Frame Relay.

- Leverage Time Warner cable cost advantage over traditional carrier circuits
- Widely standardized, plug and play Ethernet technology
- Scalable bandwidth increments flexible to your continuity plans

## Branch Office Connectivity

Upgrade Data Bandwidth and Reduce IT Costs

**Data Infrastructure Services** to reduce IT spending and ramping up eGovernment efforts. Provisioned and serviced quickly from a scalable and secure network, the Branch Office connectivity products are designed to help agencies consolidate and/or diversify their infrastructure for contingency planning.

- Achieve telecom diversity without sacrificing speed or reliability
- Cost effective connectivity tiers specific to your branch office bandwidth requirements
