

TIME WARNER CABLE
Government
TECHNOLOGY SOLUTIONS
TELEWORKING

Time Warner Cable is a leading provider of communications services to government agencies. Our proven network technology solutions enable agencies to fully comply with COOP while increasing employee productivity.

Dependable High-Speed Teleworking Solutions For Increased Productivity

Time Warner Cable Teleworking Solutions ensure home-based teleworkers the same high-speed connectivity that they are accustomed to in their offices. Our services include software security, the ability for off-site data storage, and enable robust videoconferencing — giving managers the confidence that their employees can be as productive at home as they are in the office.

Turn COOP Requirements into Operational Advantages

With Time Warner Cable Teleworking Solutions, agencies improve their “ability to communicate with COOP personnel, other agency employees, leadership and other agency elements, including bureaus, regions, and field offices.”** Our solutions also increase security of operations, providing:

- Resilient intra-agency and partner collaboration
- Assurance that disruptions within an agency’s network, government applications, or workforce communications will not interfere with the operations of that agency or its partners

Time Warner Cable products can significantly enhance teleworker productivity by delivering a computing environment that makes working at home as seamless as being at the office.

- Backup of work laptop using SmartDrive account
- Off-site file and data archiving (100 MB of storage)
- Interactive communication by videoconferencing
- Static IP option for virtual private networks

Teleworking Solutions promote reductions in turnover and absenteeism, and serve as a powerful recruitment tool for top talent.†

Meet the Teleworker Compliance Challenge

Time Warner Cable Teleworking Solutions help increase agency teleworking and utilization rates to meet or exceed federal legislative compliance guidelines; our infrastructure allows us to implement solutions efficiently.

- Meet or exceed Teleworker Policy provisions within the FY2005 Consolidated Appropriations Act
- Contribute to greater agency compliance with the Clean Air Act, Family and Medical Leave Act, and Americans with Disabilities Act
- Offer the most technologically advanced, best-clustered cable systems for service provisioning and faster implementation of agency teleworking programs

Get the Benefits of Choosing an Experienced Provider

Time Warner Cable’s scalable infrastructure can meet and exceed agency requirements. Our goal is to always provide you with the service and solutions your agency demands.

- Agency and Telework Coordinator consultations to establish program goals and expectations
- Single and custom billing options
- Web-based order tracking to help you bring service to new teleworkers quickly
- 24x7 customer support

Time Warner Cable on GSA Schedule

- Time Warner Cable is a preselected vendor, so we can help you focus on your agency’s IT needs instead of your budget pressures
- Leveraging the GSA Schedule lets each agency take advantage of lower administrative costs, billing in rears, shorter lead times, and expedited network installation
- GSA Schedule GS-35F-043 1 K**

Time Warner Cable Teleworking Solutions bring reliable high-speed connectivity directly to where employees live and work. **The result:** Agencies are enabled with a secure and productive workforce, in compliance with federal teleworker mandates, and ready for anything.
